9. [] LIAISON Tom Dine, Senate Budget Committee staff, called to request a compartmented clearance for himself. He explained that the Committee had determined that there should be a review of the intelligence budget which Senators Alan Cranston (D., Calif.) and Pete V. Domenici (R., N. Mex.) were to head up and Dine would be the principal staff man. In response to my query, he explained that he intended to obtain the budget material from Bill Bader, Senate Select Committee staff, who had informed him that compartmented clearances were a prerequisite. Dine wanted me to get back in touch with him on this by Monday and I said we would look into it.

10. [] LEGISLATION Called Bob Carlstrom, OMB, and discussed S. 2378, a bill to establish a Commission on Executive Secrecy.

11. [] LEGISLATION Tom Smeeton, of Representative William Broomfield's (R., Mich.) office, called to discuss various aspects of the sources and methods legislation which the Congressman co-sponsored, and to get my reaction to some statements made by Broomfield in the Congressional Record.

12. [] LEGISLATION Attended the second mark-up session of the Senate Government Operations Committee on the oversight issue. (See Memorandum for the Record.)

13. [] LIAISON Pat Holt, Chief of Staff, Senate Foreign Relations Committee, called and said since the transcript of 18 February 1976 as edited is only Confidential, he wants three copies made and all of them to go to him. I said that was fine with us since Holt agreed that I would review a copy to confirm the Confidential classification.

14. [] LIAISON Called Senator Milton Young (R., N. Dak.) concerning Senator Edmund Muskie's (D., Maine) statement at the Senate Government Operations Committee hearing about fully expecting the Budget Committee to get the same information the Appropriation Committee gets concerning the CIA budget. I said if this statement is left unchallenged we are boxed in on giving the Budget Committee details of our budget. Senator Young said this was not a good thing and that if Senator John McClellan, Chairman of the Senate Appropriations Committee, says something about it, he (Senator Young) will join him.

4. (Unclassified - LLM) LIAISON On the basis of a word passed by George Murphy, Executive Director, Joint Committee on Atomic Energy, to Carl Duckett, DDS&T, called Joe Prendergast, Legislative Assistant to Representative John Young (D., Texas), to determine if there was any matter which the Congressman wished to pursue further with Mr. Duckett. Prendergast said he would find out and let us know.

5. (Internal Use Only - LLM) LIAISON John Goldsmith, Senate Armed Services Committee staff, called to determine if Dick Moose, Senate Foreign Relations Committee staff, had the appropriate clearances for Goldsmith to discuss with him the findings he (Goldsmith) made on his recent trip to the Far East, including Thailand. Goldsmith made it clear that he did not intend to discuss any Agency matters with Moose. I told Goldsmith I would check.

6. (Unclassified - LLM) LIAISON Called Tom Lattimer, Defense Department, concerning the Senate Foreign Relations Committee staff trip to Iran and said that I had been assured by them that they had received the appropriate briefings from State and Defense. Lattimer appreciated our calling this to his attention (which Hank Knoche, IC Staff, had suggested) and said he had not heard about it and I filled him in on my understanding of the purpose of the trip.

7. (Internal Use Only - LLM) Jack Maury, Defense Department (Legislative Affairs), called to determine how we were characterizing on the Hill the Philip Agee case. 19.. [] INTEL BRIEFING Accompanied Carl Duckett, DDS&T, to a briefing of the Senate Foreign Relations Committee, on the situation in the U.S. Embassy in Moscow. (See Memo for Record)

20.. [] LIAISON Received a call from Chuck Snodgrass, House Appropriations Committee staff and he said he needed somebody to come down tomorrow to talk to him about CIA's projected figures for the Soviet defense budget. He said the Secretary of Defense has convinced the Committee members that the numbers should be much higher than the ones we previously provided and that is why we need a gigantic defense budget. The reason he needs somebody to talk to him tomorrow is that the Committee is marking up the bill on Thursday for recommendations to the Budget Committee, and he needs to justify to the Committee why our figures are different from Defense. I told him we had not come up with a final version of numbers, but I would check on this and see if somebody could talk to him.

23. (Unclassified - THW) LIAISON In response to a phone request from Mary Wheat, on the staff of Senator Robert J. Dole (R., Kan.), I forwarded to her a copy of the 11 February statement of the Director concerning the use of missionaries. She had spoken with two constituents who were missionaries and had served in the Phillipines and New Guinea and were concerned about Agency policies in this area and any danger that might result to them as a result of the recent disclosures on Agency use of missionaries. She had already spoken to State Department on this matter and State had assured her there was no danger in their returning to their tasks in the field. I told Ms. Wheat that we were of the same opinion as State.

(Unclassified - DFM) LEGISLATION Met with John Childers, Minority Counsel, Senate Government Operations Committee, and he indicated he thought Senator Charles Percy (R., Ill.) would introduce an amendment to section 662 of the Foreign Assistance Act of 1961 soon. I offered a suggestion regarding the wording of the short title of the bill to help ensure that the bill would be referred to the Rules Committee.
